All good things come to an end - at least, this holds true for any Stephen Hawking clones! After a lifetime of study and work at the scientific forefront, Stephen Hawking's death marks the end of a great career. Some scientists believe that Hawking's era may finally come to a close and that a new age is starting that will be dominated by quantum physics. But, as we've previously reported, quantum physics is about as advanced as every other scientific endeavor, so things shouldn't have gotten too exciting! Regardless of what kind of science one is interested in, every project has an end point. When your pet dies, that's a pretty bad day. But when your pet becomes a zombie, well, that's a whole new story. As we all know, zombie pets are 3e33713323
