Average star rating: 3.0 out of 5 (92 votes) ... /uploads/1/3/6/4/136472931/solucionario-walpole-4ta-edicion-263.pdf. htm I think Solucionario is a very good textbook for students who are learning Spanish on their own. At least, I didn't find a single flaw in it. The only thing I didn't like was that it has too many words that you have to keep cramming to understand what's what. Yes, it's good when you understand what it's about, but to be honest, I'm a little annoyed that every time I read a sentence, the cramming starts.
