"The game is full of great moments that will both make you happy and frustrated, its conflicts make you have various emotions because its plot is both sad and hilarious, and its art is beautiful. It is a really good Action RPG. The game is constantly developing, and it makes great use of its multilayered story, so I recommend it to everyone. " - DIGNIFIED DAWN - COMMENT: I had no idea that there were so many choices, and when I fail the development of my character, it was like it was all done to be recognized. It really makes my 10 year old heart race." - IMMORTAL FANTASY - COMMENT: There are so many interesting elements, and I found it to be great fun to play." REVIEWS THE CITY OF KINGS game: - "At first, I thought that the setting was pretty ordinary. But after starting to play, it was amazing how many details were added to the Fantasy setting. Even the side quests you do were very diverse. That's why the title made me think "Wow, this game is amazing." " - COMMENT: I took great pains to the setting and the characters of the game in order to deepen the immersive feeling, which I guess is what I want the most." - RENAISSANCE BELLE - COMMENT: There were quite a lot of side quests to do and the dungeons were all varied and interesting. Also, the story was well presented. The only thing I find a bit strange is that I couldn't really find the challenge when it comes to gaining levels. " - ASTROOPHILES - COMMENT: The main characters were well drawn, and the setting was well presented. From the side quests, to the enemy battles, and the monster battles, all were well presented. The dungeons were all magnificent. " REVIEWS THE LORD OF TALES game: - "The setting was very rich and it was very well presented. However, it lacked replay value because of the small characters and the story line." - IMMORTAL FANTASY - COMMENT: It's fun to play and has a lot of role-playing elements, but the character development in the game was just plain bad. And the amount of combat options was even worse." - RENAISSANCE BELLE - COMMENT: The story and graphics were good, but the character development was too bad. And the enemies were just bff6bb2d33
