This is for React Bootstrap 3.1.0. I have a grid system (12 columns) inside the Bootstrap tab panel, and it's making the tabs look spammy because the image is too wide and center-aligned (as the class attribute is centered) as can be seen here: The tabs are unclickable and the hover effect is not smooth. This doesn't happen if you just remove the 12 columns from the code and go for a 12 column grid, but that's what I'm trying to avoid. The only way to fix this, as far as I can tell, is to add a wrapper div around the entire tab panel, like this: 1cdb36666d
