****Video Tutorials for Photoshop**** You can watch tutorials or purchase video training and they're all pretty good. Photoshop CS5: Video Masterclass (Adobe) is a reasonably priced DVD by Adobe that covers the features, techniques, and workflow of using Photoshop. Its format is similar to that of the U.S. Open Golf Tournament, with shots of the editor using Photoshop as a part of his work. This video is very good and has been given a

high rating of five stars (www.zdnet.com/blog/hardware/a-video-masterclass-in-photoshop-cs5-with-gimp-an-awful-lot-of-course/12488).

It's not a tutorial per se but is a series of tutorials that cover many of the editing functions of Photoshop. After watching this series, you'll probably want to buy Photoshop. ****WYSIWYG** Editing in the Digital

Failed attempt to kill me as I drove to work Police say two women wearing masks and wielding knives and chains tried to stab a police officer while he was outside of an apartment complex. One of the women stabbed the officer in the neck with a knife, the other woman stabbed him in the arm. They have been identified as Stacy M. Salcedo of Tampa and Vauna LaRose of Winter Haven. Police say the women attempted to steal the victim's vehicle on

October 19 around 10 a.m. as he was on duty outside of an apartment complex on Pinellas Street near 70th Avenue. He was waiting to meet a friend and after the women attempted to stab him the man was able to get inside of his car to drive away as the women started chasing him. They exited their vehicle with weapons drawn, and one of them stabbed him once in the neck. They were unable to get into the victim's vehicle so they used a large chain and wrapped it around his car so he couldn't pull away

and they took off on foot. Tampa Police patrol officers spotted them and the women used weapons and tried to pull the chain off of the car before getting into their own vehicle. The officer was able to free himself from the chain and patrol officers chased them but the suspect car failed to pull over and they were able to avoid police. A police report states that both women displayed no "true remorse" for what they did. Salcedo, 26, of Tampa, faces one charge of aggravated assault with a

deadly weapon. Receive Money Saving Offers Enter your email address to receive our best deals and other store updates. Q: Ends of Series of Functions Given the series:
$$\sum_{n=1}^{\infty} \frac{c\{n^2x^n\}}{2n(n^2x+x)^2}$$

} What would be the

value of the coefficient a_3 of the polynomial P ? I have been trying to get the sum (using the series 2.1.1 in Baby Rudin) but can't seem to wrap my head around the result. A:

$$\begin{aligned} \sum_{n=1}^{\infty} \frac{n^2 x^n}{(n^2 x + x)^2} &= \frac{1}{2} \sum_{n=1}^{\infty} \frac{(n+1)^2 x^{n+1}}{(n^2 x + x)^2} \\ &= \frac{1}{2} \sum_{n=1}^{\infty} \left(\frac{1}{2n+1} - \frac{n^2 x}{2n^2 x + x} \right) \frac{x^{n+1}}{n^2} \\ &= \frac{1}{2} \left(\sum_{n=1}^{\infty} \frac{1}{2n+1} - \sum_{n=1}^{\infty} \frac{x^n}{n^2} \right) \end{aligned}$$
